Daily Tournaments T&Cs

Welcome message

- Daily prize pool: ~totalPrizeAmount
- Top prize: ~highestPrize in cash
- 500 prizes up for grabs
- Minimum bet to participate: ~minBet

How to play:

1. Place your bet: Play at least one (1) real money spin of ~minBet on any participating games.
2. **Collect points:** Points are awarded as the sum of all win multipliers (win/bet) higher than the value of one (1).
3. **Win prizes:** Prizes are awarded based on your final position on the leaderboard.

General T&Cs

- The Drops & Wins Daily Tournaments run every day from 4th June 2025 19:01 CEST until 19th November 2025 at 18:59 CET (the “**Promotional Term**”). This is a network promotion operated by Pragmatic Play and prize pools are shared across different operators.
- To take part in the Daily Tournaments, you are required to join or opt-in through any of the participating games. The opt-in is available once per promotional week, which runs from Wednesday to the following Wednesday during the Promotional Term. By opening a participating game and selecting the join/opt-in button, you agree to participate in all Daily Tournaments for that week.
- By opting in for the Daily Tournaments, you hereby agree to abide by these Terms and Conditions.

- To qualify for a prize, you need to play real money spins on any participating game with a minimum bet stake of **~minBet** (each a “**Qualifying Bet**”) and collect at least one leaderboard point to qualify for prizes.
- No tournament points are rewarded for game play prior to opt-in, and points will not be rewarded retroactively.
- Prizes will be awarded in cash, based on the final leaderboard positions at the end of each Daily Tournament. Winners are ranked in descending order, from the highest to the lowest position, according to their total score.
- All prizes are detailed and displayed within the "Prizes" section of the promotional menu available in-game.
- The score is calculated as the total sum of all wins multipliers received during a Daily Tournament. Points for the leaderboard score are earned for every spin played with a Qualifying Bet that results in a win multiplier (win divided by stake) exceeding one (1). Win multipliers with decimals above 0.5 are rounded up to the next whole number, while those under 0.5 are rounded down to zero (0).

Score calculation example for illustrative purposes only:

Score = Win / bet + ... + Win / bet

You bet €1 and win €50 => Score = €50 / €1 = 50

You bet €5 and win €1,000 => Score = €1000 / €5 = 200

You buy a Free Spins feature on a Bonus Buy bet amount of €20 and win €1,000 => Score = €1,000 / €20 = 50

Your final score will be 200 + 50 + 50 = 300

- Tournament points reset to 0 at the start of every new Daily Tournament.
- If you purchase an in-game bonus feature (Bonus/Free Spins) in any participating game (“**Bonus Buy**”) or place a Super Spin, Double Chance Bet, or Triple Chance Bet, your Daily Tournament score will be calculated based on the corresponding Bonus Buy or special bet amount.
- If a Bonus/Free Spins feature is triggered during gameplay and you reach the maximum multiplier win before all Free Spins are completed, the remaining Free Spins will be forfeited. The total amount won, including any wins from the initial spin, will count towards your Daily Tournament score.
- If you win a Jackpot in any participating game, the Jackpot win will not be counted for the tournament score.

- If the auto-play feature is in use, it will not be paused or stopped if you navigate away from the in-progress game to view the tournament promotional menu. The auto-play feature will be applicable only to permitted jurisdictions.
- In the event of a tie, players with the same number of tournament points will be ranked based on who achieved the points score first.
- The tournament is updated in real time, allowing you to view the leaderboard, in real-time and in-game at any time of your own choosing when playing the participating games.

- Only the first one thousand (1,000) Qualifying Bets placed on any participating game will be eligible to trigger a wheel piece (the "**Qualifying Bets Limit**"). Once the limit is reached, you can continue playing, but your bets will no longer count toward the Daily Tournament.
