## **MECHANICS:**

### **Daily Prize Drops:**

- The Network Promotion includes three hundred and sixty-four (364) Daily Prize Drops (each a “**Daily Prize Drop Day**”).
- In order to be eligible to participate in a Daily Prize Drop, a player is required to play a real money spin with no minimum bet amount/stake requirement (hereinafter a “**Qualifying Bet**”).
  - One (1) Qualifying Bet may trigger one (1) prize from the prize pool during each promotion.
- The random Daily Prize Drop rules and prize tables are built in the participating games. The prize table updates in real-time showing the current standings as well as the number of prizes left.

- Prizes will be paid out as per the 'Prizes' tab found in each of the participating games.
- Prizes are paid out as the multiplier of the winning player's bet amount excluding Free Spins Bonus prizes and/or Instant Bonus prizes.
- A player may win multiple Daily Prize Drops each Daily Prize Drop Day.
- The Daily Prize Drop will end daily upon the earlier of: (i) 18:59 CEST/CET or (ii) when there are no more prizes left.

**How players may participate in a Daily Prize Drop:**

1. A player must join/opt-in to any of the participating games.
2. A player must spin at least one (1) real money spin on any of the participating games.
3. Any Qualifying Bet placed on any of the participating games may trigger one (1) random prize from the prize pool during a Daily Prize Drop period.

**Daily Tournaments:**

- The Network Promotion includes three hundred and sixty-four (364) Daily Tournaments (each a "Daily Tournament Day").
- In order for players to be eligible to participate in a Daily Tournament, a real money minimum bet of five Euro cents (€0.05)\*, five British Pound Sterling pence (£0.05), five United States Dollars cents (\$0.05) or the equivalent amount to four Euro cents (€0.04)\* in the available currency on the participating game(s) is required (hereinafter a "Qualifying Bet").
  - \*Exceptions may apply to South Africa, Lesotho, and Eswatini, where the minimum bet requirement is the equivalent of two Euro cents (€0.02). In Colombia the minimum bet requirement is the equivalent of three Euro cents (€0.03).
  - Only the first five thousand (5,000) Qualifying Bets per day within each Daily Tournament (the "Qualifying Bets Limit") will be eligible and counted towards each Promotion. All Qualifying Bets placed after reaching the Qualifying Bets Limit will not be counted towards each Promotion.
- Prizes will be distributed to winners according to their position in the leaderboard, when each Daily Tournament ends, in descending order from highest to lowest position depending on the player's total score.
- The leaderboard is ranked in accordance with the player's score. The score is based on the total amount of points accumulated on any participating game as a total sum of all wins multiplier in relation to their bet amount during a Daily Tournament period.

*Score calculation example for illustrative purposes only:*

*Player places a bet of €1 and wins €50 => Score =  $((€50 * 1.08) / (€1 * 1.08)) = 50$*

*Player places a bet of €5 and wins €1,000 => Score =  $((€1000 * 1.08) / (€5 * 1.08)) = 200$*

*Player final score will be 200 + 50 = 250*

- The leaderboard is updated in real-time, and players can view the real-time leaderboard in-game at any time of their own choosing when playing the participating games.
- In the event that two (2) or more players finish a Daily Tournament in the same position on the leaderboard, the player who has achieved the score first will receive the higher prize.
- Prizes are paid out to players as a fixed amount.

**How players may participate in a Daily Tournament:**

1. A player must join/opt-in to any of the participating games.
2. To qualify in a Daily Tournament, a player must place a real money bet with the required minimum bet in any of the available currencies on any of the participating game(s).

4. The prizes will be distributed to players based on the final score shown on the in-game leaderboard by the end of each Daily Tournament.
